Potomac Community Village is an all-volunteer, nonprofit 501(c)(3) corporation geared to enabling older Potomac residents to age in place in our existing homes by creating social connections and providing volunteer services.

A network of neighbors and friends, we welcome volunteers of all ages.

*Like your house and neighborhood and  
want to stay there?*

*Then be part of a network of neighbors  
and friends – part of a nationwide  
movement of more than 400 Villages -  
neighbor helping neighbor, as we age  
in place in our existing homes.*
