*Potomac Community Village is a non-profit, all-volunteer network of friends and neighbors that enhances quality of life, and empowers older Potomac residents to age in place in their existing homes and remain independent by creating social connections and providing needed services.*

*Our Village offers social, educational and wellness activities that keep us engaged in our community, our minds sharp and our bodies strong. We link members with volunteers who help with occasional transportation, some household chores that have become too difficult or unsafe, minor home repairs, running errands, friendly visits, phone calls and assistance with computers and other electronic devices. Members have access to many members-only social and cultural activities and benefit from discounts at local shops and businesses as well as a list of member-suggested service providers.*

*Potomac Community Village welcomes volunteers of all ages.*
